Annabel needs to write a few lines about Citi Logik for the event

Include the room as well

The blurb for the Citi Logik event will be as follows:

Citi Logik are a Leeds based company who provide population movement insights and analytics for smart cities. The company was established in 2011 with funding from the UK Technology Strategy Board to develop insights into demands from anonymised mobile phone network data. They were the winner of the 2018 UK Business Tech Awards Data Pioneer of the Year.

Citi Logik will talk about the difficulties of working with big data and provide insights into their upcoming vacancies for graduates and placements.

Ellie will help out with the event on Wednesday and Verity confirmed she will be able to make an EventBrite page.

Verity provided confirmation that the Christmas event content is ready.
