

Monday 20<sup>th</sup> January 2020.

Data Science Society

In attendance:	Minutes taken by:
<i>Sarah Gadd</i>	<i>Annabel Whipp</i>
<i>Fran Pontin</i>	
<i>Verity Tether</i>	
<i>Annabel Whipp</i>	

*Meeting objective:*

Precision medicine- industry awareness day on the 12<sup>th</sup> March, they have offered us a stand to promote the society. We will accept and find people who are available closer to the time due to other commitments.

Progress with the Census data workshop: Verity is currently working on it and will keep us updated.

Verity will follow up with Roy Ruddle regarding the Tableau workshop which is due to take place.

Nexus decided on the people who will do presentations the others will be invited to produce posters and the careers centre will do a poster making session for these people.

28<sup>th</sup> March is the final data challenge activity.

Sarah will ask Amanda to post the blog post about the data challenge last semester. The event for the new data challenge goes live this Friday at 9 am. This will need to be advertised within the newsletter.
